EDUCATION

Bachelor Of Computer Science (Bcs)
Eastern University, Trincomalee Campus

Advanced Level (Combined Mathematics)
Lyceum International School

TECHNICAL SKILLS

- **HTML, CSS, Type Script** ADVANCED
Ability to create responsive, accessible web applications.
- **User Interface Design** ADVANCED
Ability to create stunning, clean looking modern user interfaces, using cutting edge tools and technologies.
- **React / Nextjs** ADVANCED
Very advanced knowledge in React, making highly accessible components, using different component patterns.

Worked with many modern libraries.
- **Angular** INTERMEDIATE
Solid understanding in angular, constantly working on it to fine tune the techniques and skills.
- **Node, Express / Fastify, NestJs** ADVANCED
Very advanced knowledge in backend frameworks and libraries, such as NestJs.
- **Mongodb, Mysql, postgres** ADVANCED
Worked with both no-sql and sql databases.

Have used ORM's such as Prisma, TypeOrm
- **GraphQL** INTERMEDIATE
Have worked with a few GraphQL Apis.
- **Github, BitBucket, Jira** ADVANCED
Worked with versioning and project management tools.

Ability to work with a large team.

SOFT SKILLS

- **Problem Solving**
Ability to analyze issues and come up with effective solutions.
- **Time Management**
Efficiently managing multiple tasks and meeting deadlines.
- **Attention to Detail**
Ensuring high-quality code and user experiences.

Dedicated and innovative Full-Stack Web Developer with a proven track record of delivering exceptional web solutions. Adept at leveraging extensive expertise in React to create dynamic and user-friendly interfaces. Skilled in the complete web development lifecycle, from concept to deployment.

Committed to delivering high-quality code and seamless user experiences through a blend of technical prowess and intuitive design sensibilities. Excited to tackle new challenges and contribute to cutting-edge web projects.

PROFESSIONAL EXPERIENCE

Front End Developer

April 2023 to present

C2f, Sri Lanka

- Led the development of a modern e-commerce platform, utilizing React for the front-end and optimizing user interface responsiveness.
- Implemented Tailwind CSS for the project's design system, resulting in a consistent and visually appealing user experience while reducing the time spent on styling tasks.
- Integrated TypeScript into the project, enhancing code quality and reducing runtime errors.
- Leveraged React Query to manage data fetching and state synchronization, improving application performance and reducing the server load.
- Collaborated closely with the design team and successfully translated UI/UX wireframes into a highly functional and visually appealing web application.
- Worked in an Agile development environment, participating in daily stand-up meetings, sprint planning, and code reviews, ensuring efficient collaboration with team members.

Full Stack Developer

April 2020 to 2023

Exvaxo, Sri Lanka

- Spearheaded the development of multiple web applications using Next.js, a React framework, resulting in faster page loading, improved SEO, and enhanced user experiences.
- Designed and implemented responsive user interfaces with a focus on clean and modern aesthetics using Tailwind CSS, resulting in a visually appealing and consistent design system across the applications.
- Used nestJs as the backend framework, along with express.
